

## General Contractors Vendor of Record

We are pleased to provide the General Contractors (GC) Vendor of Record (VOR) for construction services for high-complexity projects that will be delivered by Colliers Project Leaders on behalf of Infrastructure Ontario.

The GC VOR is a single, province-wide list of qualified contractors that Colliers Project Leaders will use to invite firms within a defined category, region and dollar threshold for a project.

We derived the pool of eligible qualified contractors from the Request for Prequalification (RFPQ) issued in May 2024 through MERX. During this process, vendors selected their key identifiers and provided evidence of their capacity and capability to deliver on relevant projects.

### The Key Identifiers are:

- Categories: General Contractors, Mechanical & Electrical, Security Integrator and Critical Facilities (e.g. OPP detachments, jails, detention centres, courthouses and call centres).
- Regions: Central, North East, North West, South West and Eastern
- Dollar Thresholds: \$100,000 - \$2,499,999 and \$2,500,000 - \$9,999,999

These key identifiers will be used in the second stage invitation process, during which a set number of eligible qualified contractors will be selected using the MERX system's random rotation mechanism.

This approach balances the ability of eligible firms falling within the defined parameters to continue to obtain work, while optimizing Colliers Project Leaders' program delivery and maintaining fairness and transparency.

### How long is the VOR list in effect?

The VOR list is set for a three-year term, extending to September 2027. Companies that are not on the VOR list and wish to become qualified contractors will have an opportunity to respond to an annual RFPQ issued via MERX in the summer timeframe.
